President's Message

Friends, neighbours and family! Just few words to wish every well in the time of isolation and social distancing.

The community programs projects are cancelled or on hold. This means the kids and their families not hanging with friends on the ball diamond or the soccer pitch. But it also means the leagues will be struggling to pay their bills or have volunteers ready to step up to help when they will be needed.

It will come as no surprise that the Annual Canada Day Celebration at the Castle Downs District Park will be cancelled for this July 1.

We look forward to an amazing celebration next year! As a Community and Canadians WE DESERVE IT!

Just a reminder as the weather warms up PLEASE DO NOT USE THE PLAYGROUNDS!! You may feel well but could still be a carrier or the last person using that swing may have been INFECTED. Proper cleaning of the playgrounds will happen when they are allowed to re-open. There is fine for being in the playgrounds at this time.

Take care of each other and stay safe! From the board of the CDRS.

SOFTBALL - The Story

By now, you have probably heard that the Edmonton Youth Softball Association has wisely cancelled the 2020 Softball Season. Although this was disappointing news to me as Softball Director and devastating news for the nearly 60 softball players that were registered to play ball in Dunluce this year, I know that everyone realizes that it is for the safety of everyone – parents, players, coaches and fans. I don't know about you, but I'm seriously considering getting a shirt made that looks like this!

I'm sure that there are many adults that are disappointed that we have had to postpone our annual Three Pitch Tournament as well. It has been tentatively rescheduled to the end of August, but only time will tell if it will really

happen. Stay tuned for updates. To the parents of this year's softball registrants, by now you should have received your refund, but if you are still waiting, please contact softball@dunlucecl.ca for more information. The unfortunate result of the softball season cancellation is the loss of many valuable volunteers. I hope that when the Covid-19 restraints have been eased and bingo halls and casinos are reopened that we can count on you to help us out. Our gaming funds are what makes our sports programs affordable for everyone and they are so important to our Community League. In the meantime, please stay safe everyone!

Sincerely,

Loretta Wonitoy, Dunluce Softball Director

Itching to get out and garden?

Now that our days are slowly beginning to rise above 0°C and our days are getting longer, we are being drawn outdoors. After a long winter and a spring that seemingly took forever to smarten up, we are eager to get going and get our garden started!

But where do we start? The best place to start, is always at the beginning! The beginning of the gardening season should always include a good clean. Restoration and repair will undoubtedly lead to a healthier and more appealing garden.

One thing to consider before beginning your big spring clean – Beneficial insects! Many types of beneficial insects such as lady bugs and pollinators (bees and butterflies) spend their winter dormant in old plant material such as dead leaves, grass, mulch, etc. Before raking up those leaves or tilling up that garden patch, you may want to consider holding off. As a rule, waiting until the temperature rises to around 10°C, for 10 days straight will

ensure that our beneficial critter friends have the chance to emerge from their slumber! This is a win-win!

Since we've tackled spring clean-up, let's turn our attention to our garden. In particular, the soil! Depending on how waterlogged and depleted your garden area was over winter, your soil may need re-amending. Nutrients and materials such as mulch, microorganisms and organics may need replenishing. Top dressing your garden with a healthy compost/manure and your first application of mulch is a good first step to ensuring your garden areas are ready to go this gardening season!

Now that your garden areas are prepared you can begin planting (some) vegetable seeds. Spinach, edible peas and sweet peas can be sown directly into the ground around April 20th.

Happy planting!
