World Poetry Day

March 21 is World Poetry Day, declared by UNESCO in 1999. Take the time to make a rhyme with your preschooler — a simple way for you to help your child fall in love with language and learn and practice its sounds and rhythms.

Help your child play with words, not just toys. Write a poem together — try a limerick ["There once was a girl named Annie, who loved cinnamon candy..."].

Kristi Talbot, an enterprising Mohawk mom, has even translated English nursery rhymes

into Kanien'keha (Mohawk) to share her culture and heritage with children. You can go online to read her story.

Visit your local library with your child to explore the many rhyming books for little ones — from old favourites like The Cat in the Hat to the new and delightful The Smeds and the Smoos.

We are volunteers affiliated with child and family serving organizations in Edmonton and are committed to raising awareness of the critical importance of the early years to success in life.

Active Avonmore - Avonmore Moves

In Avonmore, we are currently running a movement initiative, in support of Mental Health going until at least the end of May 2022. We know there is a definite connection between mental health and exercise!

Since the beginning of June, we've encouraged Avonmore residents to track their movement in kilometres. Some residents use a device that tracks their movement of steps, running, biking or they calculate 20 minutes of workouts which equals 1.6 kms. Community members record their movement and send their information to Shirley so we can record the numbers for the whole neighbourhood.

We have 16 people who regularly track their movement and send in their numbers. Between June 1, 2021, and February 20, 2022, Avonmore community members have moved and travelled a total of 55,997.20 kms. That is equivalent to movement from Vancouver to St John's return, Edmonton to Disneyland return, Edmonton to Disneyworld return, we went to the North Pole and were Santa's Elves!!! We travelled more than the circumference of the earth which is 40,075 Kms. We are currently travelling to Panama City, Panama and who knows where we'll go next in 2022. Join us

in the fun!!!

We want you to join us in tracking our movement! To encourage your participation, we are enhancing our movement initiative to not only include kms from a device for walking running, biking but INCLUDE workouts: cross county/downhills skiing, snow shoeing, hockey, skating, figure skating, yoga, swimming, dance, cheerleading, soccer (games and practices), You tube workouts, Zoom exercises, etc. Anything you or your kids do that is active is eligible! Just count 20 minutes of exercise is equivalent to 1.6 kms!

We would like everyone who can log their workouts, steps or biking kms to join us! Please join us the rest of Avonmore is this fun way to improve our physical and mental health by doing these two things:

1. Send Shirley an email at active@Avonmore.org and get started recording your own movement.
2. Sending this same email address to everyone in your Avonmore contact list so they can join in.

If you have any questions, please email active@Avonmore.org. We look forward to hearing from you!

Yoga - Drop in's Welcome

Yoga is an excellent way to strengthen the muscles that will keep you upright on ice and keep you in shape generally. In person classes are at 6:00 p.m. and 7:30 p.m.

on Tuesday. Shannon Shea leads the classes. Drop ins are welcome. \$15.00 per class. For more information and contact president@avonmore.org.

Start An Activity, Group or Club

Do you have an interest or skill you would like to share with your neighbours? Looking for a way to get some exercise and meet other people in the neighbourhood? We are looking for program and group leaders. Groups have free use of the hall and other facilities and/or use of our Zoom subscription to meet online.

All it takes is one or two people with a keen interest in an area and a willingness to promote and organise some regular gatherings

- and it's a great way to get to know people! The League also has some funds set aside for small groups to purchase supplies, pay for speakers etc.

You are of course welcome to join our existing groups: Avonmore Book Club and Avonmore Garden Club. If you have an idea for a new activity, group or club contact president@avonmore.org or programs@avonmore.org and we can help to get you started.

members, program/event leaders and volunteers.

If you are willing to get involved in the community and make Avonmore an event better place to live please contact president@avonmore.org or vicepresident@avonmore.org or volunteer@avonmore.org

Avonmore Community League Ice Rinks

We'll keep the rink operating as long as weather permits.

It will help to ensure the future of the rink and other league facilities if all users have a league membership. See details on how to purchase a membership and get skate tags elsewhere

on this page. Membership in any community league in Edmonton will be accepted. We do have community memberships available at the rink, so if you see a maintenance person you can ask them for a membership card and skate tags.

Free Sand from the City

This winter has been treacherous for ice and snow on sidewalks. Every year the City and the Community Leagues partner to provide free sand for residents to put on icy sidewalks. In addition to being easier on your wallet, it is also less damaging to our new sidewalks.

To get sand, take your own container to the hall parking lot, (7902-73 Ave) where you will see 2 green boxes at the north edge of the lot. The community hall in King Edward Park (7708-85 St) also has a box, on the north side of the building, if that is more convenient.

Avonmore Community League Membership

Welcome and thank you for your continued support and for making Avonmore a great community. Let's get active, come skate at our amazing rink! You will need proof of membership and skate tags. Please, contact membership@avonmore.org to purchase your Avonmore membership and receive your skate tags. Already a member but need skate tags, please contact membership@avonmore.org for further details.

Through the purchase of your community league membership, you will gain exclusive access to several community league perks, deals, and discounts at multiple local businesses.

In addition, we are thrilled to welcome two local businesses offering exclusive membership discounts to YOU! The Love Shaving Club is offering a 20% discount for ALL on-line purchases and FREE local shipping. And for coffee lovers, the Candid Coffee Roasters is offering an in-store 10% discount on ALL beverages. We

welcome new residents by celebrating with a **FREE first-year membership**, please contact membership@avonmore.org for more details. Also, memberships can be purchased by emailing membership@avonmore.org or buying directly from Dairy Queen on 75th Street, or on-line via this QR Code.

Help your toddler learn language

Language is how we communicate with each other. Reading is important to help your child learn language. Telling stories builds speaking and listening skills.

A child is never too young to enjoy books. You can start reading to them right after they're born. Your child will more likely have a life-long love for reading if they look and play with them from an early age.

There are many ways for your toddler to have fun with books.

- Read books with simple, brightly coloured pictures.
- Read books that your child can play with. Young children enjoy books such as lift-the-flap, pop-up, finger plays, and books that make sounds.
- Let your child choose the book and turn

the pages they want to look at. Read or talk about the pages they choose.

- Name things, people, and actions in the pictures. Give your child time to talk about the pictures.
- Tell the story in a way your child will understand. You don't have to read it exactly as it's written. For very young children, talk with single words or short sentences

New March/April Yoga Schedule a Announced

A new schedule is available for Hatha Yoga at Cloverdale Hall. The classes will be held on Fridays from 9:30–10:30am, beginning March 4th to April 8th, 2022. The class is a gentle yoga practice that focuses on stretching, relaxing, and strengthening. You can pre-register for \$72 for six classes for Cloverdale

Community League Members, or \$90 for non-members. If you would prefer drop-in classes, the cost is \$15 per class. You can register by contacting the instructor, Colleen, directly: cl.diben@gmail.com. All yoga participants are required to be fully vaccinated for the safety of the class.

Community Garden Seeks Your Help!

The Cloverdale Community Garden had a stellar year in 2021. In addition to bountiful individual harvest, it contributed a significant amount of fresh vegetables to the Edmonton Food Bank. The common area, dedicated to address food security in Edmonton, is one of the things that sets it apart from other community gardens. Each work team — from composting to weed control — helped keep the garden in top condition.

As the garden starts to prepare for the 2022 season, it needs your help! Two long-term volunteers, Margaret and Peter, moved from Cloverdale last year and now the garden is looking for volunteers to fill their shoes:

Garden Coordinator: serves as the liaison between the Community Garden members and the

Cloverdale Community League; is the prima-

ry contact with Sustainable Food Edmonton (SFE)

and provides communications and coordination within the community garden group. The role is

seasonal (April to October) and amounts to only a few hours per month.

Operations Coordinator: handles the 'on-site' operations for the community garden. This includes liaison with the Bennett Centre, scheduling maintenance of the water system and equipment, coordinates the work-bees and garden work teams. This role is also seasonal (April to October).

Both positions could be shared with another volunteer. Please consider helping the community garden flourish. Please submit your Expression of Interest to Reg at pastpresident@cloverdalecommunity.com

Proposed Rezoning

There is a proposed rezoning of 9503 98 Avenue NW. The rezoning would change the property from a Neighbourhood Convenience Commercial Zone (CNC) to a Low-Rise Apartment Zone (RA7). This rezoning would allow for the development of an approximately 4-storey residential building with some opportunity for

commercial properties on the ground level (limited to specific commercial activities such as child care services, general retail stores, or specialty food services). More information can be found by searching "LDA21-0566" on the City's website.

March puzzle contest

Register for our new contest now and pick up your puzzle on March 26. Choose from 500- or 1,000-piece puzzles, either regular or mystery – where we don't provide a photo to follow.

Tackle the puzzle alone or as a household. The winner in each category is the first to finish their puzzle and email a picture to events@forestterrace.org. The prizes are not yet settled, but our last winners received \$25 gift cards to local restaurants.

To enter, you must live in Forest Heights or Terrace Heights. Register via the events page at forestterrace.org/upcoming-events. For more information, email events@forestterrace.org.

Help map our Little Free Libraries

We had great participation in our first Book and Puzzle Swap on Feb. 19, with 56 swappers. Thanks to Molly for organizing and to volunteers Connie, Kerry, Grace, Jerry, Corrie, Lilly, London and Rae for pitching in.

Most of the leftover books were delivered to 14 Little Free Libraries in and around Forest and Terrace Heights. It was a great way to start a new project to map all the book-sharing boxes in our community. Please send the addresses of any little libraries near you to events@forestterrace.org and we'll add them to the map and post it to forestterrace.org.

Community garden ramping up

The Heights Community Garden is getting set for the 2022 growing season!

We're also looking for new members to join the garden committee, to help run the community garden and plan activities throughout the season. We meet once a month on Tuesday evenings from February to October online or at the garden. If you're interested, email garden@forestterrace.org.

Skating Party a Success

The Fulton Place Community League had it's annual skating party at the rink on Feb 12th, and it was a great success! There was a kids game area that was popular, horse drawn wagon rides, food and hot drinks, fires, and of course skating. We were fortunate that the

weather cooperated for us, thanks to the organizers for putting on another great event! Attendance was fantastic, we figure 250-300 people came through the event, and it was wonderful to see so many kids out having a blast. These photos are of our event.

We're Looking for a Volunteer Board Treasurer

Do you have a bit of a finance background and can help us with our monthly bookkeeping, reporting to the board about our finances, and liaise with our annual auditors? And do you live in the Fulton Place community?

No extensive experience necessary. A love of community and neighbourhoods is an asset. Board membership perks include free hall rental each year, some funding for continuing education, and eligibility to attend our volunteer appreciation events.

Send us an email to mike@fultonplace.org, we're looking forward to hearing from you!

Keeping you informed

The Suncor Edmonton Refinery would like to notify local residents of maintenance activity that will be occurring at the refinery starting end of March and continuing until the last half of May. During this time, there is the potential for additional flaring and steam from the refinery as process units are shut down and re-started again. There is also the potential for increased noise due to maintenance activities. Alberta Environment and regional stakeholders have been informed.

Please note that during this planned outage, there will be additional traffic along Petroleum Way resulting from an increase in workers on site.

Suncor Energy will work diligently during the shutdown and start up activity to minimize any impact on the community and our neighbours. You can visit Suncor's Facebook or Twitter pages for more information. If you have concerns, please call 780-410-5642.

PRO TIPS FOR BEING A COOL NEIGHBOUR

1. Introduce yourself! If you can't name your neighbours, you've got some work to do. Knowing who you live next to is a great way to build a strong community!

2. Roll up your sleeves! If you see your neighbour out in their yard doing spring cleaning, head over and offer to lend a hand. You may even get to share a tasty beverage with a new friend.

3. Find out your neighbour's favourite beverage. That way, you can stock up at Sherbrooke before inviting them over.

4. Host a backyard fire. A family-friendly backyard fire is a great way to connect with your neighbours no matter the time of year. BYOWeiner.

5. Knowing your four-legged neighbours by name is a great neighbour flex. You can even bring them an owner-approved treat- it's the leashed you could do!

6. Show off your neighbourly spirit by offering to keep an eye out for packages and bring in the mail when your next-door pal is away on holiday.

We are beyond excited to be the newest Cool Neighbour in your community!

VOLUNTEER OPPORTUNITIES

Many hands make for light work and we could use some hands.

We have the following volunteer position available:

Grant Writer: It is always great to have a volunteer that has their ear to where the money is and can create a grant to help us benefit. If you enjoy writing and have some volunteer time to put grants together, we could use your help.

Buildings and Grounds:

Many hands make for light work.

KCL is seeking community members who are interested in supporting our KCL Building and Grounds Volunteer Director. If you have an hour or two a month to give to the KCL, we could use your volunteer help.

Some examples of volunteer tasks:

Are you an organizer? This job is perfect for you. Arrange for annual inspections at the hall (fire extinguishers, fire panel, smoke detectors, etc.) and for a KCL volunteer to attend the inspection date. Arrange for contractors and for a KCL volunteer to attend the hall

when the contractor is present.

Are you a person that likes to do odd jobs? This might be the job for you. Volunteer your time for general maintenance tasks around building (changing out coat hooks, hanging items, light paint touch ups, etc.).

Or maybe you walk yourself and maybe your dog daily and swing by the hall? You can walk around the exterior of the hall to check the grounds. Report any safety concerns.

Or maybe you have a bit more time than just to walk around the hall. You can pull exterior garbage weekly or clean up any exterior debris on our sidewalks.

Want to volunteer but not sure what you can do? Give us a call and we can talk further.

Connect with Rebecca, membership volunteer: membership@kenilworthcommunity.com

We offer a yearly Executive Incentive of \$225 to be used for programs or sports and a complimentary Community League Membership. This is a great way to meet community residents and contribute to your community.

We have some folks in the community who sometimes need a helping hand, a walk shovelled, a small job fixed, some help with organization, online tasks, a ride, emergency child care, a meal or a few meals to get them by when they are overwhelmed or ill, or maybe just some company for a tea. The community league itself is also constantly seeking help for fun events, dog park lock up, hall maintenance and security, etc...

Community is really about taking care of each other. We all lead busy lives but we all have special gifts to share.

If you think you can offer an hour or two, or more a month to helping a neighbor, please consider adding your name to our volunteer data base.

Please email the following to: membership@kenilworthcommunity.com or call Rebecca at 780 982-5885

We will need:

- your name
- tasks or jobs you are willing to do
- gifts or talents you have to share
- include your email, phone number, and best way to contact you

Ask Charles

I want to learn what I can about the real estate industry in Alberta, but it's hard to keep track of all the organizations and their acronyms. The regulator, the provincial association, the local real estate board; what do they do, and who's looking out for me?

This is understandable. The real estate industry has so many players and acronyms that even some industry veterans get them confused at times.

It may make things simpler by thinking about the organizations in two main groups: the regulator and trade associations.

In Alberta, the Real Estate Council of Alberta (RECA) is the regulator of real estate professionals. RECA sets the industry practice standards and is responsible for enforcing them, and all real estate professionals must be licensed by RECA.

RECA's mandate is to protect consumers. In the unlikely circumstance that your real estate professional breaks the rules that are in place, RECA can investigate the situation and can issue discipline. That discipline can include licence suspension or cancellation, and fines of up to \$25,000 per offence. RECA also provides services to real estate professionals that

enable them to provide competent, ethical service to consumers. Among other things, these services include a practice advisor, information bulletins, and ongoing education.

The other organizations within the real estate industry that you've probably encountered are trade associations. Membership in a real estate industry trade association is voluntary.

In Canada, the primary trade association for residential real estate professionals is the Canadian Real Estate Association (CREA). There are also provincial trade associations that operate under CREA, and there are local real estate Boards, which operate under the provincial associations as well as under CREA.

To make things easier, it may be helpful to think of all of these associations as the same organization, but at different levels (national, provincial, and local). When your real estate professional mentions their 'board,' they mean their local real estate board, which is the local level of the national and provincial associations. By being a member of their local board, they are also members of their provincial association and of CREA, the national association.

Broadly speaking, the real estate trade associations work on behalf of their members and their members' commercial interests. The trade associations own certain trademarks

that only their members can use, such as the word REALTOR®, and at the local board level, they operate the local real estate board listing database. Trade associations typically have government relations or lobbying departments, they provide advocacy for their members, and while they have rules their members need to follow, their rules aren't found in legislation, and they're not industry-wide requirements or practice standards.

I hope this information helps, but if at any time you feel overwhelmed by acronyms or unsure about any aspect of the real estate industry, contact RECA or let your real estate professional know. Licensed real estate professionals are there to help you understand your transaction and the industry.

You've got questions. He's got answers.

Charles Stevenson is the Registrar at the Real Estate Council of Alberta. Charles knows that buying and selling a home can be confusing, but it doesn't have to be.

"Ask Charles" is a question and answer column for consumers about buying and selling property in Alberta.

If you have a new question for Charles, please email askcharles@reca.ca.

Ask Charles

I saw on the news that fraudsters are being charged with unlicensed real estate trading. Why do you need a licence to buy or sell property?

First things first. You don't need a licence to buy or sell property; consumers are always free to buy or sell their own property. When you need a licence, though, is when you're helping someone else buy or sell property.

The individuals you've seen in the news are people who are not licensed as real estate professionals, who say they will help consumers buy and sell property, but instead, they are actually participating in various fraud schemes. That's why they're in the news.

Still, unlicensed trading in real estate remains a serious issue and not just because of the fraud that sometimes results. Under the

Real Estate Act of Alberta, anyone trading in real estate, dealing in mortgages, performing real estate appraisals, or providing property management services requires a licence from the Real Estate Council of Alberta (RECA). It's the law.

Buying a home is one of the largest financial commitments most people will ever make. Why would you want to trust that transaction with someone who doesn't have education, experience, and a regulatory body behind them?

When you hire a licensed real estate professional, you can trust they've completed pre-licensing education, their background has been reviewed, they carry errors and omissions insurance, they're required to complete ongoing education, and you can feel confident that

a regulatory body will hold them accountable for their actions. All real estate licensees are required to carry errors and omissions insurance, and there's a Consumer Protection Fund available in the very rare event a consumer suffers a financial loss as a result of fraud, breach of trust, or a failure to disburse or account for money held in trust by an industry member.

Think about it, you don't want people driving on the road who don't have a driver's licence, right? If someone has a driver's licence, it means they passed a competency test, and there's an unwritten agreement that they'll follow the rules of the road. If they don't, they can be fined or even lose their licence. The same thing applies to licensed real estate professionals. If they violate the rules, RECA has

the authority to discipline them, which can include licence suspension or cancellation.

When someone doesn't have a real estate licence, and represents a consumer in a real estate deal, the consumer has no assurances that the person has knowledge or training, and there's nowhere to go – other than Court – if something goes wrong.

You've got questions. He's got answers.

Ottewell Rink

As the winter of 2021/2022 winds down I'd like to thank all of the volunteers at Ottewell rink for a great season. The unique freeze thaw cycle this year made for many challenges but the ice is still in good shape as we near the end of February. If you'd like to get out and skate or play hockey we plan on keeping the ice rinks open for as long as mother nature will allow.

The Pond Rink and the Hockey Rink are both open and lights for both rinks will be on from 5pm to 9pm, 7 days a week. Please note that there will be no attendant or staff member on-site.

-Skate at your own risk.

-Wear your helmet.

-Share the space. We all want to enjoy the pond rink.

-Play safe, and if you don't feel well, stay home.

Please use the garbage cans provided. Keep o-ur rink area clean!

As per AHS guidelines:

-Physically distance when multiple cohorts

are sharing the ice;

-Wash or sanitize your hands before and after each skate;

-Refrain from spitting and clearing nasal passages;

-Refrain from sharing equipment or water bottles;

-Refrain from touching your eyes, nose, mouth, and face; and,

-Stay home if you are experiencing COVID-19 symptoms.

Hey Ottewell - Pickleball ANYONE?

What is pickleball?

Fun, social and friendly.

The rules are simple and the game is easy for beginners to learn, but can develop into a quick, fast-paced, competitive game for experienced players.

If you play pickleball or would like to try it out for the first time you may be interested to know that our hockey rink at Ottewell has five pickleball courts painted on the it's concrete surface. In addition to painting the courts, our community league has also purchased nets and other equipment that is available for use by community league members.

In order to hit the ground running in the spring, we are looking for community members to help out with managing equipment and programming activities such as leagues/clinics/tournaments etc.

If you're interested in getting involved or have any questions about pickleball at Ottewell, please contact oclrink2021@gmail.com

Strathearn-based Business Profile

For this month's profile we spoke with Mike Fournier, the Strathearn behind Walden Woodworks, whose home-based business is located right here in our neighbourhood.

Walden Woodworks specializes in contemporary custom furniture, can you tell us more about this process?

The custom furniture process starts with a design meeting to ascertain what a client has in mind, design elements that tie in with their living space, what the piece's functionally is to be, how it looks visually, and of course their budget. Some designs happen right away, others are a process that evolves over several meetings. I find it rewarding to have clients involved in this process, and this leads to the creation of furniture unique to them.

How did a 5-year apprenticeship at the Cotswold Studio in Edmonton inform your approach to this work?

My informal working apprenticeship gave me access to all aspects of the custom furniture business, from design meetings to supplier relationships, marketing, workshop setup/maintenance, scheduling, pricing and quoting, and of course the actual woodworking skill set needed to complete jobs.

You have a knack for salvaging and repurposing some amazing materials, and utilizing shop waste as much as possible too - why is this important to you?

After years of residential home construction to cabinetmaking and millwork, I became disgusted by the amount of material that goes into the landfill because it just isn't cost effective for big shops to deal with. The same goes for older homes being torn down, it's cheaper to put it all in a bin than remove select pieces that are high quality materials. A change of mindset can give wood destined for the landfill a second life, and I find this recovery very rewarding.

What are some of the unique design techniques that Walden Woodworks can offer?

One of my key design elements is to not artificially colour wood. There is usually a wood species that has the desired colour tone and grain texture, naturally, from a huge pallet provided by nature. Proper grain selection is also a key aspect of my design process. I spend a lot of time going through wood piles to select or highlight the natural grain of wood

and don't just grab the next board off the pile. Hacking a bunch of random boards together results in a that has no harmony with itself or it's place in the home.

Some neighbours may have seen your beautiful designs featured at past Strathearn Artwalks, how was that experience for you?

We've participated in three Artwalks to date, and they have been wonderful experiences and by far the best organized and promoted events we've been a part of. The majority of items I sell at the Artwalk are made from found/salvaged wood and shop off-cuts, and event-goers' response to this practice has been overwhelming. Moving away from buying disposable commercial goods, to pieces that are reborn and locally-made is very satisfying.

What do you love about having your home base here in Strathearn?

Working from our home based shop has been great. I've had to make some compromises in regards to having a smaller space, but downsizing can be a good thing.. less is more! Our immediate neighbours have been very accepting of our business, and fixing the odd sticky door compensates for the low hum the shop emits. We have grown to appreciate what we have here in Strathearn and plan to stay in our little house through retirement.

Anything else you'd like to share with your Strathearn neighbours?

I've managed to transition out of the "disposables" side of woodworking, the things I make are meant to be used and hopefully be useful. Check out the website at <https://waldenwoodworks.com> for more information.

Strathearn Outdoor Rink is open for use!

Due to the current realities of operating and maintaining the rink this year, it will be open and operating differently compared to previous years and as follows:

- No set hours, rink is open at all times. You are free to use as desired and conditions allow.
- Indoor skate change will not be open.
- Ice maintenance and clearing is being done as volunteers are able. There is no schedule and the ice surface is as is.

While volunteers are working to try and maintain and operate the rink this year there are several things contributing to the League

deciding to operate the rink in this way. First, there is no Rink Director to organize and coordinate rink creation, maintenance, and clearing. There is a group of hardworking volunteers doing their best to work on the rink but it is difficult to coordinate without a Director to organize. Second, the unpredictable and varied weather has made the ice surface difficult to maintain.

With this being said, if you are interested in volunteering to help maintain the rink or taking on the role of the Rink Director, please get in touch with us. Please enjoy the rink and follow the rules posted at the rink. Happy Skating!
